### Fast delivery, not RGB like the image showed

 anonymous

Ordered item the previous night, was delivered next day in the morning. One thing to note is that walmart uses the wrong card in the image, the model listed and that you will receive has no RGB of any kind on it. Otherwise, the card works perfectly fine just like any other 5070ti, but since it is usually listed...

The only place to find a 50 series graphics card at a decent price. It was actually msrp which is great!  
Product performs as expected.
